

## Student Congress has record turnout

With over 160 Class Reps from all over Strathclyde, this year's Student Congress was the largest yet. It was an ideal to find out and feedback about the big projects that the university and USSA are doing that will affect your learning. USSA are currently working on the summary report regarding your input which will be delivered to the university. See the photos from Congress on Facebook!

Moreover, though Congress was a fab way to meet other reps. Feedback on Facebook regarding Congress was amazing and the Congress Twitter feed trended in the top 5 in Glasgow!

Rebecca Maxwell Stuart, Vice President of Education and Representation at the Students' Association who helped organise the event stated, "It was a great success; I was amazed at how many students came along! I have had really positive feedback from students and the University. Even though there weren't enough seats at some points, quality remained high and student input was brilliant! Next stop Christmas Catch Up!

## Christmas Catch Up and Ceilidh

Following on from Student Congress, the Student Association is hosting a Class Rep Catch Up. And since the holiday season is just around the corner, we thought we might throw in some festive fun.

The idea behind the Catch Up is to find out what issues are being brought up with your lecturers and in the SSLCs (Staff Student Liaison Committees). By sharing our experiences, we can find out if other reps/departments are doing about it and focus on creating solutions. So even if your department is a shining star of best practice, we need you there to tell other how you/they do it!

The Catch-up will start with some festive cheer in the Priory Bar (level 6 of the Union) at 5pm. plus there will be a ceilidh after the Catch Up, where you can mingle with other reps and just generally enjoy yourself. For more information and to RSVP: <http://www.strathstudents.com/classreps/catchup>

**Strathclyde Class Rep Facebook Group.** It is a members only group, so search for us in Facebook, add us and join the discussion!

Rep training for this semester has wrapped up but if you missed out, there will be additional sessions next semester. Also, stop into level 7 of the Union and pick up a Class Rep Handbook or find it on the Class Rep MyPlace

## MyPlace Update: Contact My Class Rep Tool

The Contact My Class Rep tool has gone live for most Class Reps. There has been a few teething problems in the beginning but we are working hard to sort them out as they arise.

Moreover, not all Class Reps have the tool enabled yet. This could be due to several technical and non-technical issues. If you are experiencing problems with the tool or do not have it enabled yet, Please contact Sara MacLean at [s.maclean@strath.ac.uk](mailto:s.maclean@strath.ac.uk)

We would also like feedback on the tool. Are you finding it helpful? Is it easy to use? Is it enabling your classmates to feedback to you and are you able to communicate to your classmates easier? Suggestions on what could be improved are always welcomed. Feedback on the MyPlace forum/Facebook/ email us!
